

Cleanup Basic Guidelines and Safety Tips

933 Mobile Dr. | [Click here for map](#) [1]

Basic Guidelines for Litter Cleanup

- Litter is defined as anything legally allowable for disposal which can be placed in a trash bag.
- The City of Longview's Solid Waste Division will collect bags within the city limits on the next regularly scheduled trash pick up day.
- Don't infringe on private property (for example, driveways are considered private property).
- Volunteers can get trash bags between 8 a.m. - 5 p.m. weekdays at the City of Longview Volunteer Center, 300 W. Cotton St., 903-237-1390.
- Volunteer groups are asked to report the completion of clean-up tasks to the City of Longview's volunteer coordinator.
- Report the following items:
 - Number of Volunteers
 - Number of Bags Collected
 - Total Volunteer Hours
- To report please use a report form or call 903-237-1390.

Safety Tips for Litter Cleanup

- Wear "seasonal" clothing, such as full-legged trousers, long-sleeved shirts, hard-soled shoes, full-brimmed hat and bright colored clothing (including whites).
 - Work on the side of road facing oncoming traffic.
 - Designate one person to precede the group to warn oncoming traffic of the litter crew ahead.
 - Rotate this duty every hour or less.
 - Drink plenty of water to avoid dehydration.
 - Be cautious of anything sharp.
 - Notify law enforcement officials of any unlawful substances found (discarded needles or syringes). Mark location, but do not pick-up.
 - Notify Sanitation Division of any dead animal carcass. Again, mark location, but don't pick up. 903-237-1250
 - Don't overload litter bags or attempt to lift too much weight. Large, heavy or bulky material should be marked and left for pick-up.
-

The Citywide Cleanup is NOT in conjunction with extra trash pick-up days. The Sanitation Department offers bulky item pick-up throughout the year. For more information about that service call 903-237-1250.
